Subject: RE: Sabal Trail - S3TRC1000 Clearance Request

Hi Jason-

Thom Litts (Operations Manager, Fisheries) and Brett Albanese (Senior Aquatic Biologist, Nongame Conservation) have looked over the changes.

- DNR acknowledges that the workspace at Hog Creek in Colquitt County has changed as communicated in your August 24, 2016 email.
- DNR also acknowledges that the Sabal Trail project will now use Horizontal Directional Drill (HDD) in place of open cut at approximately milepost 105.1. as communicated in your August 5, 2016 email.

Thank you for communicating these changes with us-

Anna
