| Glenn Dorminey     | 3384 Old Statenville Road<br>Valdosta, GA 31606 | wydorminey@outlook.com      | I am against this development being built in this vicinity of two schools. The potential for future trouble to the residents in the local area is very evident. Although I support such efforts for those who have managed to make it to this point in their life's, I do not believe any facility which is unregistered, unregulated and especially unsupervised will ever be to any advantage for those involved except for those who will be reaping the monetary benefits of such. There are other facilities within the city? county which could be used for such a project of this endeavor , remodel and utilized these. | 5/29/2022 |
