

with the line of other signs placed at the roadway. There is sufficient space between the proposed location and signs on the same side of the right-of-way; it is a variance for the distance across the street that is being requested. Further, granting the variance will not confer me with any special privileges that are denied to those around me. Finally, the variance is in harmony with the purpose and intent of the ULDC.

Thank you for your consideration in the requested variance for this property. If I can answer any questions about this request, please do not hesitate to contact me.

Respectfully,
