Subject: Opposition to the Solid Waste Transfer
Attachments: Opposition to the Solid Waste Transfer Station GLPC Agenda Item #10.pdf

Mr. Martin,

Please see the attached letter of opposition to the solid waste transfer station for the GLPC meeting Monday night. You had indicated that you will forward this information to members before the meeting. I am not sure how this works, but I also would like it added as part of the official record of this case. In addition, please know that this opposition is solely for the solid waste transfer station only and not to the applicant's ability to have a hauling facility. The reason why I felt compelled to write the letter with opposing views is because I have been in the solid waste industry for over 23 years and all companies no matter how large or small need to follow the same set of rules for solid waste transfer stations that govern us all.
